

AFTER YOUR VISIT...

TBSI Check List

Payment:

There is no need to make any payment today. Our billing company will mail you a statement after filing with your insurance company.

Should you have questions about your statement, please call 1-833-547-0163.

Follow Up Appointment:

Our office will call you to schedule a follow up appointment, if necessary, within 3 business days.

BEFORE YOU GO

- ? Work/School Absence
- ? Updated Insurance and Contact Information
- ? Prescription Refills Needed / Pharmacy
- ? Other Questions

Imaging Studies

Different types of imaging allow the providers to see bones, organs, and/or tissues to create an image of your body which is used to better determine your diagnosis. Common types of imaging studies are Xrays, MRIs, CTs or Myelograms. They can be done with or without special dye (contrast).

Please advise your physician if you have:

- ◆ metal, implants (pacemakers) or stents of any kind in your body, or
- ◆ any aneurysm clips or coilings, or
- ◆ need medication to lay still for an extended period of time.

For more information on Imaging Studies, please see our brochure with additional details on the types of testing, the risks, scheduling and preparation for your appointment with the imaging facility.

Most of these studies require your insurance carrier to authorize the need for the imaging based on your provider's notes from your visit.

You will be contacted within **5 business days** with more details to schedule your imaging appointment.

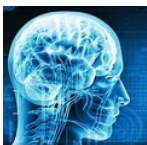

After you have completed your imaging, please call our office at 979-776-8896, option 1, to let us know.

A copy of your imaging WILL be needed for your next visit. We recommend that you request a CD of your images before leaving the imaging facility to bring with you to your next neurosurgery appointment.

Referrals to another office

Neurology

Physical Therapy

Other

Pain Management

Your TBSI provider may have recommended that you see another office that specializes in services that are not offered here. Once your provider has finalized all of his/her notes, we will forward this information to our Referral Center.

You will be contacted via phone within 3 business days to schedule with another office for your ongoing care. If you need to contact the Referral Center directly, please call 979-690-4487.
